We still have a few shirts and hats available for sale. Please contact Dick for ordering.

W1WAB submitted logs to ARRL for Field Day. We operated 2D WCF Class. We had 2 CW contacts, 4 Digital, and 130 Phone contacts totaling 242 points.

We now have our 440 repeater and antenna mounted on the roof at Sun Towers.

### NEW BUSINESS

The REPUBLICAN NATIONAL CONVENTION needs volunteers to help with the communications. They will be 4 hour shifts. If interested contact Bill Williams AG4QX.

We watched an interesting video on you tube about the plane that landed in the Hudson River.

Sam told us of his parachuting out of a plane for his 80<sup>th</sup> birthday. We were all glad he was here to tell us about it.

There was a discussion with Bill Barron about displaying QSL cards on our website.

The meeting was adjourned at 3:20 pm.
